INDUSTRIAL SERVICES

INDUSTRIAL INSULATION SERVICES

Gemstone Industrial Services provides comprehensive insulation solutions for industrial facilities, helping improve energy efficiency, maintain process temperatures, protect personnel, and extend equipment performance.

INDUSTRIES SERVED

POWER GENERATION | OIL & GAS | REFINING | CHEMICAL PROCESSING | INDUSTRIAL MANUFACTURING

CORE SERVICES

- Mechanical & Thermal Insulation
- High-Temperature Insulation
- Cold & Cryogenic Insulation
- Metal Jacketing & Lagging
- Removable Insulation Covers
- Heat Tracing & Winterization

APPLICATIONS

- Process Piping & Steam Lines
- Tanks & Storage Vessels
- Boilers & Heat Exchangers
- Pumps, Valves & Fittings
- Turbines & Exhaust Systems
- Ductwork & Process Equipment

SPECIALTY SERVICES

- Corrosion Under Insulation (CUI)
- Insulation Repair & Replacement
- Vapor Barrier Repairs
- Personnel Protection
- Turnaround & Outage Support
- Maintenance & Nested Services

SUPPORTING CAPABILITIES

Gemstone's insulation services are supported by additional in-house capabilities, allowing for coordinated execution across complex industrial projects.

- ABATEMENT & CONTAINMENT
- COATINGS & CUI SUPPORT
- SCAFFOLDING & ACCESS

WHY GEMSTONE?

Integrated Services: Insulation, scaffolding, coatings, and abatement under one contractor.
Turnaround Readiness: Coordinated support for planned outages and emergency repairs.
Asset Protection: Solutions supporting temperature control, corrosion prevention, and personnel safety.
Maintenance Support: Insulation repairs, replacements, and ongoing facility maintenance.
